Conversations with a Commander

"I am a 25-year member of the Department and have served across the city in various leadership roles and functions. I have a bachelor's degree in Criminal Justice from Southern Illinois University. My vision for the 018th District is to continue to see, listen and partner with the residents and business communities to build productive relationships built on trust and accountability. My goal is to ensure every resident and visitor to our district feels safe so that we all enjoy everything this great community and city has to offer. I hope you join me and the men and women of the 018th District in making this vision a reality."

— Commander Jon Hein
